

The Best Choice is Clear!

Clear View propane gas tanks offer a *clear* advantage over outdated metal tanks:

- **Stop struggling with heavy metal tanks.** Lightweight design is 50% lighter than steel.
- **Entertain without surprises.** Translucent cylinder provides visible fuel level, so you won't run out unexpectedly.
- **Say goodbye to rust stains.** Corrosion-free, non-marring material keeps your patio or boat deck clean.
- **Save money on propane.** ClearView's see-through design removes the guesswork, so you only refill when you need to.
- **Refills are a breeze.** Easy to transport design includes ergonomic handle and tip-proof flat base.
- **Proven safety for your family.** Fire-tested cylinder will never burst.
- **Environmentally-friendly.** ClearView's composite materials are 100% recyclable.

Two sizes to fit your needs:

Choose from our 17 lb. tank, perfect for home grilling, or 11 lb. tank, ideal for boating or camping.
